

Readers Respond to The Rhythm in Blue

“The Rhythm in Blue caught my attention from the very first page. This is the best romance novel written in a very long time. Author, Crystal Senter Brown, did a great job of creating all of her characters and making the readers fall in love with each and every one of them. I felt for Mason throughout the book and related to him personally. I was able to walk in his shoes throughout the entire book, pulling for him to fall in love and live his life. The Rhythm in Blue definitely grabs your soul and makes you continue reading until the end. I would give this book, ten stars if amazon would allow it!”

Keshawn Dodds, author of “Who’s on my side? The story of Kalen Brown”

“This story made me smile throughout the whole thing with its romantic scenes. For a change it shows Black men in a nurturing positive light. The Rhythm flowed easily and I read in very quickly. Excellent book for anyone regardless of race, social status, or religion.”

Latoya Bosworth, author of “The Right Amount of Sunshine” and “Despite everything”

“I don't believe it for a second! This can't possibly be Crystal Senter-Brown's first novel! What an amazing story! So amazing that after I read it, my dad (who I've never in my entire life seen holding a book) read the entire book in one day, and is begging for the sequel. We NEED to know what happened to Sasha!”

Teka Harris, Clinician

“This book was amazing! Once I started reading, I literally could not put it down. It was fun and spiritual without being cheesy. Sometimes books with Christians as the main characters can be so boring and over the top cheesy that they don’t feel real. RIB is a book that captures the reality of black Christian love and life. A must read!”

Timothy Jones, staff writer at Urban Cusp.com

“Good old fashioned romance story interwoven in a small town complete with complicated and not so neat families. Just when you think disaster is imminent, the wings of God's Love descends and buffers the blow just in the nick of time. A novel that I will pass along. Crystal Senter Brown is a name everyone should know. A page turner until the end.”

Jennifer Wiggins, reader

“The Rhythm In Blue is a great love story! It's been a long time since I've read a book that showcased a platonic loving relationship that turned into true love. Kudos to Senter-Brown for writing a "clean" love story that was exciting and kept me turning the pages until I was done. I was exhausted the next day at work, because I couldn't put the book down, I finished it in one night. I gave it to my co-worker and she too had a one day reading experience and loved this book!”

Denise Jordan, SAC Delta Sigma Theta Sorority, Inc.

“This was a great novel/love story. Once I picked the book up, I couldn't put it down. It took a day & 1/2 to read and I was fully entranced with the characters and the story overall! It's always a pleasure to read a book in which you can feel as if you are living through and with the characters. In my mind, I know where the small town of Blue, Virginia is because now I've been there. I highly recommend this novel.”

Moyah Smith, reader

“I read this novel non-stop in about 5 hrs. The relationships were great especially Jaz and Mase, as she calls him. It also showed how everyone is not perfect and can move forward from their mistakes. It showed how family secrets can hurt and reunite families. Book worth buying!”
